GET YOUR CHRONIC MEDICATION PRESCRIPTION (SCRIPT) AUTHORISED VIA THE MEMBER APP

Need chronic medication registered? Submitting your script for registration is quick and simple with the Society's Member App.

HERE'S HOW:

1. Open the App and tap the **Submit Script** icon on the home page.
2. Take a clear photo of your script or attach a file (e.g. if you received the script by email).
3. Select the relevant dependant.
4. Tap **Submit**.

Your script will be sent automatically to the Mediscor Pharmacy Management team (preauth@mediscor.co.za) for authorisation. Once approved, the medicine authorisation will be sent to your registered email address.

IMPORTANT: *You still need to present the original script at your local Dischem pharmacy to collect your medicine.*

Make sure the photo is clear and shows all the required details on the script.

EASY ACCESS TO YOUR BENEFIT LIMITS

Want to stay on top of your medical benefits? The App makes it simple. Here's how:

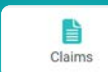

1. Tap the **Benefit Limits** icon on the home page.
2. Select the beneficiary.
3. Scroll through the list of benefits to see your available limits and how much you've used and what is still available.

This helps you plan and avoid unexpected out-of-pocket costs when a benefit has been exhausted.

Note: *The displayed amounts depend on how quickly claims are submitted by service providers (and by you). If you've recently used a benefit but the claim has not yet been processed, your available limit may appear higher than it really is.*

If you missed a previous **Newsflash**, you'll find them under the **News** icon in the App.

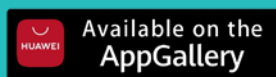

Use the View Claims feature to double-check that all your recent claims have been processed.

What are you waiting for?
